EDUCATION

Carnegie Mellon University, Heinz College — Pittsburgh, USA MS in Public Policy & Management — Data Analytics	2026–28
Ashoka University — Sonipat, India PGD in Liberal Studies — Young India Fellowship	2021–22
NIT Tiruchirappalli — India BTech in Electrical & Electronics Engineering — Minor in Physics	2017–21

WORK EXPERIENCE

Student Worker - Alumni Relations Tepper School of Business, Carnegie Mellon University (<i>part-time, concurrent with graduate study</i>)	Aug 2026 – Present
- Developed a volunteer engagement framework for alumni-led regional gatherings in three priority markets, covering role definitions, intake workflow, data-access protocols and success metrics; benchmarked peer programs at Ross, Haas, Foster, Columbia, Cornell and Yale to inform the design - Built a Google Forms and Apps Script inventory system tracking 20+ event materials with automated low-stock alerts, restock logging and validated data entry, replacing manual tracking - Supported alumni data accuracy, record processing and event operations for a global network of 23,000+ alumni	
Strategy & Analytics - Office of the Vice Chancellor Plaksha University	Jun 2025 – July 2026
- Served as Executive Lead on two applied governance projects with Invest Punjab, analyzing administrative data to improve regulatory processes and supporting MSMEs in evaluating AI-enabled interventions - Drove cross-functional strategic initiatives by collaborating with departments and aligning efforts with the university's 7-year plan - Collected, analyzed, and interpreted institutional and student-level data to assess academic performance, student outcomes, and engagement trends; generated insights to inform curriculum planning and leadership decision-making - Drafted and delivered high-impact communications, presentations, and policy documents, while coordinating with internal teams and regulatory bodies for events and committee operations - Managed key stakeholder relationships, both internal and external, to strengthen institutional strategy, governance, and partnerships	
Strategy & Operations - Office of Corporate Partnerships and Careers Plaksha University	May 2023 – May 2025
Institutionalised the Office of CPC, shaping its strategy, operations, and long-term road map for 700+ students - Delivered the inaugural placement cycle achieving 100% student outcomes at an average salary roughly 5 times the national benchmark for engineering graduates. - Built and nurtured partnerships with 550+ stakeholders, including global corporations, startups, and think tanks - Designed and gathered structured feedback from students and recruiters to improve placement processes and student career outcomes - Led flagship industry engagement events and executed MoUs with marquee organizations such as Volkswagen and Dr Reddy's Laboratories	

PROJECTS

Equitable Bus Priority Corridors, MBTA — <i>Second place, MIT Policy Hackathon</i>	Nov 2025
Built a Transit Dependence Index across all MBTA bus routes from ACS demographics and 800m stop-level walksheds, ranking every route by equity-weighted ridership to identify the three highest-need corridors. Combined GTFS schedules, MBTA performance feeds and LEHD LODES employment microdata to show that the highest-need corridors also carry the largest service deficits. Modelled a \$6.5M bus-priority package returning 1.23M rider-hours annually with a 1.7-year payback , separating agency cash flows from societal benefit with sensitivity analysis.	

Conducted a theoretical project on modelling gravitational wave signals and estimating parameters of compact binary systems containing neutron stars and black holes. Applied Fisher Matrix and matched filtering techniques to derive system parameters and analyzed detector sensitivity by mapping the **blind-spot regions** of the LIGO observatory.

SKILLS

Languages	Python, R, SQL, LaTeX
Analysis	pandas, GeoPandas, NumPy, Matplotlib, seaborn, Jupyter
Methods	Regression analysis, causal inference, spatial analysis, cost-benefit modelling, administrative data analysis, survey design, data visualisation
Tools	Excel, Git, Quarto, Stata, MATLAB/Simulink, Wolfram Mathematica, PowerPoint, Canva

TEACHING EXPERIENCE

Teaching Fellow – Plaksha University

Dec 2022 – April 2026

- **Social Ventures and Technology Disruptions** — *Prof. Seema Bansal, Punjab Development Commission*: Facilitated learning as a teaching assistant for an undergraduate cohort of 60 students, supporting discussions on technology, social impact, and innovation; mentored student teams on project development and provided feedback on assignments and presentations.
- **Entrepreneurial Challenge Lab** — *Prof. Mark Searle, UC Berkeley*: Facilitated learning as a teaching assistant for two postgraduate and one undergraduate cohort, overseeing lectures and team presentations, leading to 30 teams pitching startups on the final day.
- **Design Thinking & Systems Thinking** — *Prof. Panchal, Purdue University*: Provided instructional support, delivered tutorials, exercises, and presentations to enhance innovative thinking and problem-solving for a cohort of 50 students.

LEADERSHIP AND COMMUNITY SERVICE

Chief Editor - Zeroing In: The Science Podcast

Jan 2022 – Jan 2025

- Produced **three themed seasons** featuring candid conversations with **leading Indian scientists**; interviewed figures such as Dr. B. N. Suresh (former Director, VSSC) and Prof. Rajesh Gopakumar (Director, ICTS-TIFR).
- Hosted **in-person and online sessions** connecting prominent researchers with **500+ school students** to expand access to scientific careers and ideas.

Core Team - Girls and Women in STEM, Plaksha University

Oct 2023 – Present

- Led the **flagship GWiST event**, convening six women leaders to address the gender gap in STEM.
- Contributed to **inclusive university policies**, including anti-discrimination and DEI frameworks.
- Appointed **Convener** of the Internal Complaints Committee and **lead for the PRISM LGBTQ+ Inclusion Initiative**; organised diversity and inclusion workshops for students and staff.

Overall Coordinator - Orientation '19, NIT Trichy

Apr 2019 – Apr 2020

- Directed a **25-member team** to design and execute a three-week orientation for **1300+ incoming students**, spanning information sessions, campus immersion and city-wide field visits, with feedback loops built in to improve engagement

ACHIEVEMENTS

- Selected for the **inaugural cohort** of the **BRIDGE Program**, Heinz College & Pitt SPIA — an eight-month program in civil discourse, dialogue facilitation and conflict management, 2026–27
- **Second place, MIT Policy Hackathon 2025**, Transportation track
- Received a **fast-track promotion** at **Plaksha University** for driving exemplary student outcomes
- **Outstanding Team Performance Award**, Plaksha University, Q2 2025
- Selected for the **Summer Research Fellowship** by the Indian Academy of Sciences
